STATE EMPLOYEES WANT INSURANCE BARS LET DOWN

Petition Asks For Modification of Workmen's Compensation Law.

Labor Leaders Blame Liability Insurance Men For Move.

Columbus, Feb. 23.—Governor Davis and the state legislature had before them today petitions signed by 2,312 employees of the state, asking for a modification of the workmen's compensation law in this line of insurance and permit private insurance companies to compete with the state under state supervision.

The petitions were presented last night by O. K. Shlimansky, secretary and manager of the Ohio board of commerce in connection with the public hearing before the house labor committee on the Wemmer bill that would place occupational diseases under the compensation law.

Labor leaders say they see in the movement the hand of the liability insurance companies to break down the compensation law and that they intend to fight the proposal with all their efforts. Complete state monopoly was only recently guaranteed by a decision of the United States supreme court upholding the validity of the Ohio law which completely bars private insurance companies from participating in any manner in workmen's compensation insurance.

Accompanying the petitions, Mr. Shlimansky made public a detailed report on the answers received by the Ohio board of commerce to a questionnaire mailed to employers, February 9, 1921, concerning proposed changes in the present compensation law.

The report states that the questionnaires, accompanied by the petitions, were mailed to 5,600 employers and that 2,553 answers have been received. Of these, 2,312 signed the petition without comment, 141 signed the petition at the same time commencing that changes should be made, 186 expressed opposition to any change in the present law, and 55 refused to take a stand either for or against changes.

ORGANIZATIONS URGE CLINIC

Hearty approval of the Establishment of Proposed Child Hygiene Bureau Is Received By Chamber of Commerce.

Endorsements for the project of the National Child Health Council to establish a headquarters in some county of this state for child work with the children of the county have been received at the Chamber of Commerce from the Rotary, Kiwanis, Ministerial association, Medical association, Women's club, Y. M. C. A., Farm Bureau and several churches in the county.

The Chamber of Commerce which has heartily endorsed the proposition is sending letters to every one prominent in the county asking them to write a letter and endorse the work. These letters should be sent to the Chamber of Commerce where they will be used to show that the county is the best county in the country in which to establish the work. These letters and a brief of the advantages of Licking county will be presented to the state department of health this week.

Manager W. L. Lewis of the Chamber of Commerce stated this morning that if it were felt necessary a committee would be sent to Washington to the national board to urge the case of Licking county.

Apparently the selection has narrowed down to Richmond and Licking county and it is felt here that with the cooperation of the people of the county, Licking will be chosen.

The plan of the National Child Health Board is to establish a child hygiene bureau here for a period of five years with an annual appropriation of \$5,000 from that period.

An important factor in the choice of a location is the desire of the community to have the demonstration tried there and the Chamber of Commerce therefore urges immediate action on its request for letters in support of and endorsing the project.

WIRE BRIEFS

New York: Louis Bogash, Bridgeport and Soldier Bartfield, Brooklyn, fought 15 rounds to a draw.

Washington: Appropriation of \$367,000 for the annual congressional distribution of seeds struck, one of agricultural bill in the house.

Cincinnati: Raymond W. Schuck, found guilty of first degree murder for the slaying of David S. Paul, bank messenger.

San Francisco: W. P. Lewis, killed when airplane fell at Elko, Nevada, in sport trial of the machine.

Philadelphia: Low Lynch, New York, bantam weight champion defeated Jabez White, Albany, in eight round bout.

Port St. George: Sergeant Ensel Chambers is thought to have established record for the longest jump when he jumped from an airplane flying at a height of 22,000 feet.

Cleveland: Verona Brilla, 22, detained at local hospital charged with the murder of her new born babe.

Cleveland: Wooster basketball team defeated Western Reserve 25 to 20.

Cas basketball team defeated Baldwin-Wallace 32 to 28.

Akron: Summit county rural schools may be forced to close at the end of the month because of lack of funds.

Canton: Jimmy Jones, Akron, won from Jimmy Griffith, Akron, welterweight on points in 12 round bout here.

Morgantown, W. Va.: Muskingum College basketball team defeated by West Virginia University 39 to 32.

Troy: Miss Lulu Davis, Cincinnati, was with four others were riding plunged into canal near West Carrollton.

MANUFACTURER IS HELD IN KILLING OF N. Y. DETECTIVE

Charles T. Davis as he appeared in court.

When New York detectives and an insurance agent called at the office of Charles T. Davis, manufacturer of surgical supplies, to question him regarding the payment of \$1,000 on a machine thought to have been stolen, he opened fire on the callers with a shotgun. One detective, Joseph Bridgetts, was killed. The other two men were wounded. Davis is held without bail on a charge of murder. He refuses to discuss his act.

BALL PLAYER IS FIRE HERO

Dode Pashert Carries Five Small Children Through Smoke and Flames and Directs 10 others to Safety.

Cleveland, Feb. 23.—Heroic efforts of George Dode, Pashert, out fielder of the Cincinnati National league team, saved the lives of five small children and helped save the lives of 10 other persons when fire broke out in the Union Clothing company store on Lorain avenue, early today and swept through the second floor, where three families were sleeping.

Pashert was passing the store when the fire was discovered. He made three trips into the burning building, carrying out five children wrapped in rugs and his overcoat and directed the other members of three families to safety. In the rescue, Pashert's hands and arms were badly burned and his face blistered by the flames. The property loss was small.

The fire, said to have been of incendiary origin, started about 2 a. m. in Pashert and a friend discovered the blaze. After directing his friend to turn in an alarm, Pashert ran up the smoke filled stairway to rescue those asleep on the second floor. The first awakened George Sullivan, his wife and four children. Pashert wrapped two of the smaller children in rugs and carried them down stairs, Sullivan, his wife and two other children following.

Pashert then made his second trip into the burning building, rousing Charles Cunningham, his wife and their small children. By this time the front stairway was cut off by the flames. Pashert took the child in his arms and led the other persons to safety by the back stairway.

On the third trip Pashert roused the family of Robert Jones. Shouting through the dense smoke, Pashert warned them not to try the front stairway and then picked up two of the smaller children, one of whom was asleep in a crib, and led the family to a turn in the rear stairway where they were checked by flames. Pashert wrapped his coat around the children and thrust them into the arms of firemen who had just arrived. The firemen carried out Mrs. Jones.

THUG VICTIM DIES. Youngstown, Feb. 23.—Mike Mackey, found on a Girard, Ohio, street last night with his skull fractured, died today in a hospital here. Police think he had been attacked and robbed by thugs.

CONSTABLES SHOT AT CASTLE GATE

Two Members of Irish Constabulary Killed By Civilians—Another Is Wounded.

Dublin, Feb. 23.—Three members of the royal Irish constabulary employed in Dublin Castle were shot today, two of them being killed and the other seriously wounded by civilians almost at the castle gate at midday.

Bodies of three soldiers were found near the castle gate today. One of them had been shot through the head and on each body was a note which read: "Spies, courtmartialled and found guilty."

DRIVER DIES AT WHEEL AND AUTO RUNS WILD.

Lancaster, Feb. 23.—Milton Taylor, aged farmer living near Thurston, dropped dead while driving his automobile near Pleasantville, Pa. The automobile ran wild for some distance. Finally the car ran into a barnyard and stopped at a water-pipe, where Mrs. Taylor, who was in the machine, knew that her husband was dead.

UNION LABOR IN CONFERENCE AT NATION'S CAPITAL

National and International Bodies Organize to Meet Attacks.

Publicity Campaign Planned to Meet Propaganda of Enemies.

Washington, Feb. 23.—Representatives of the 109 national and international unions affiliated in the American Federation of Labor gathered here today in an extraordinary conference for the purpose of organizing to meet attacks on the union labor movement.

The conference, called by President Gompers, is considered one epochal importance, and is one of the few of its kind ever held in the history of the federation. The first business was the presentation by the executive council of a "bill of rights" and recommendations for a labor program. The council framed its report after being in continuous session nearly all day yesterday.

While the council's program was not made public it was understood to provide for a campaign by organized labor to combat anti union shops, wage reductions, compulsory arbitration, labor injunctions and "open shop" propaganda.

One of the proposals before the conference, it was said, calls for a publicity campaign by the federation to offset the propaganda of the enemies of union labor.

Federal and state legislation to further the cause of organized labor also is to be considered by the conference which proposed to sift out the whole question of the "open shop" versus trade unionism.

The conference, union leaders said, is expected to determine the attitude the federation shall take in its relation with the incoming Republican administration.

Survey of industrial conditions throughout the country was being taken by labor leaders here for today's meeting and all agreed that the present depression was the worst the federation has faced in years.

"The coal mining industry has been especially hard hit," said John L. Lewis, president of the United Mine Workers of America.

"Production is less than 60 per cent normal. We have 100,000 men who have not done any work since the first of the year. The miners that are working are only getting from two to three days a week."

Michael Tighe, president of the Amalgamated Association of Iron, Steel and Tin Workers, said he had never seen conditions so bad, but added he believed the worst would soon be over as some of the mills already are starting up.

Conditions in the metal trades were described as bad by A. J. Berres, head of the metal trades department of the federation.

There is, however, some improvement in the automobile industry he said, but he reported work in the ship building industry as slow with little improvement in sight.

"Thousands of our men are out of work," said William Johnston, president of the International Association of Machinists. "The railroad industry is especially bad, hundreds of workers being laid off because of reduced working forces."

The present industrial depression and widespread unemployment, leaders said, have all the more reason for the union plan to combat attempts to further reduce wages and inaugurate the "open shop."

President Gompers is presiding at the conference, the sessions of which are being held in the federation headquarters. There are more than 200 delegates present, the majority of them being executive officers of various unions.

Christo Almost Lost His Bride

Newark Bulgarian Hastens to New York to Save Sweetheart of Youth From Difficulties With Immigration Officers.

George Christo, a Bulgarian of West New York, has married his childhood sweetheart, after many years of separation, and after almost losing her again, when the immigration officials at New York were about to turn her back.

The wedding of Christo and Miss Florina Mladenovitch, a Rumanian, took place in New York Monday, Rev. M. J. Cusick officiating.

Christo left his native home many years ago and has been a naturalized citizen for 18 years. He was in the U. S. army during the war, but did not see foreign service. Following the closing of the war he returned to his native country for a visit. There he met his old sweetheart and renewed acquaintance. He returned to this country and she was to come here to be married.

Christo wired the necessary money to New York for his expected bride, but went astray. To make matters worse Miss Mladenovitch lost her baggage and her affidavit for entrance to the United States. Ellis Island officials know no sentiment and she was turned back. But the Travelers' Aid became interested and notified Christo. He left for New York and Monday the wedding took place.

Mr. and Mrs. Christo will live in West Main street, where Christo manufactures ice cream. He has lived in Newark since 1908.

ASHTABULA MAN PICKED BY DAVIS AS DRY OFFICIAL

Judge Don S. Parker Appointed Prohibition Enforcement Chief

Will Hold Local Officials Responsible For Carrying Out Law.

Columbus, Feb. 23.—Governor Davis today announced the appointment of Judge Don S. Parker of Ashtabula, state prohibition commissioner under provision of the Miller prohibition enforcement law.

His policy for prohibition enforcement also announced by Governor Davis at the same time. He declared local officials will be held strictly responsible for carrying out "in letter and in spirit" the purpose of the Ohio dry law. He also asserted that he will keep a close watch over the dry law enforcement in various localities.

Governor Davis also called attention to the fact that the Miller enforcement law gives him complete power to remove public officials from office who are not complying with the law, and that he will not hesitate to resort to this recourse if the situation demands it.

"The policy to be followed" Governor Davis said, "in all cases where state prohibition officers report that there are a lack of law enforcement, will be for the governor to immediately notify the local officials responsible and serve notice on them that unless the situation is remedied promptly, their removal from office will follow."

The governor said a staff of 10 prohibition officers will be used to inaugurate the enforcement division, and that they will be required to go into the various parts of the state and in cooperation with local officials, see to it that prohibition is effectively established.

O'CALLAGHAN SPEAKS IN COLUMBUS TONIGHT

Columbus, Feb. 23.—Donal O'Callaghan, Lord Mayor of Cork, will be the honored guest at a dinner to be given tonight by the Columbus branch of the American Association for the Recognition of the Irish Republic. A reception will precede the dinner.

Upon his arrival from Columbus yesterday at 1:35 an enthusiastic reception was given him. A parade headed by the Elks band, the Knights of St. John in Uniform and the Knights of Columbus met him, and hundreds crowded about him as he was greeted by Mayor Atherton and the reception committee, composed of W. E. Smith, James K. Cox, and Eugene McCarthy.

He headed the parade around the square and was then taken to the Hotel Warden, where on informal reception was held in the lobby. The reception committee there was made up of the following young women of the Catholic Young Women's club, Misses Genevieve Kates, Helen Stapleton, Henrietta Jordan, Dorothy Allen, Margaret Kelly and Esther Manning.

Captain Monteth, former British army officer and now with the Republican army of Ireland, was with the Lord Mayor, and the esteem in which he is held in Newark, was attested yesterday, when those passing in the receiving line, all greeted him warmly.

About one thousand people shook hands with the Lord Mayor during the reception hours, and he spoke a few words thanking them for their reception.

At 6 o'clock the banquet was served in the dining room of the hotel. The tri-colors of the Irish Republic were blended with the Stars and Stripes. The tables were arranged in parallel lines, cut flowers and pot plants adorned the tables and at the speakers' table sat the honor guest, Lord Mayor O'Callaghan, the toastmaster John K. Cox, Rev. Father Ruane, Captain Monteth and members of the different committees.

A four course dinner was served following which Toastmaster Cox, told how the story of the Irish struggle for independence resembled that of America and commented on the fact that one of the leaders of that fight should visit Newark on a day devoted to the honoring of America's greatest leader in his fight for independence. He then greeted the honored guest in Washington's words and the Lord Mayor of Cork responded telling of his appreciation of the hospitality shown him and that he had found the United States land that loved liberty. He also spoke of the coincidence of his visit with the celebration of Washington's birthday and said that Ireland's fight could be ended if America but remained true to her ideals. He paid tribute to Washington and his wonderful ability as a fighter. He concluded by saying that if "friends of freedom walk well together, Irish victory is assured."

The meeting adjourned to the high school auditorium where W. H. Smith, president as master of ceremonies and a number of representative citizens and visitors occupied chairs. Among the visitors were Timothy S. Hogan of Columbus, Daniel Butler, state deputy of the Knights of Columbus and Mr. Duffy, also a prominent Knight of Columbus.

The Star Spangled Banner" was sung by the audience, and Mayor Atherton extended the welcome address. He said American sympathy was with the Irish people as the Irish struggled for liberty, for the Americans were a liberty loving people, and that he considered it an honor to welcome the visitor to the city, and that he extended him the warm welcome. The Elks glee club quartet sang several numbers led by Frank Ewald including the Irish Republic hymn.

Captain Monteth was the first speaker. A man of wonderful personality, he puts a punch in every word. He thanked the people of Newark for the reception, and the press of the city,

SHOW GAME PICTURES. Motion pictures will be shown at the Auditorium theater Thursday night at 8:30 o'clock. Tickets have been sent to members of the Licking County Fish and Game Protective association. Orders may be purchased at the door.

BANDIT STARR DIES. Harrison, Ark., Feb. 23.—Henry Starr, Oklahoma bandit, wounded while attempting to rob the Peoples Bank last Friday, died yesterday. Starr lost his consciousness this morning and never revived. Burial will be in Tulsa, the home of Starr's mother.

FIGHTS FAKE INCREASE. Cincinnati, Feb. 23.—City Solicitor Saul Dolonka is warning a salary which he announces he will file tomorrow asking that the Cincinnati traction company be enjoined from increasing street car fares to 9 cents on March 1.

THIEVES ROPE DEAD. Youngstown, Feb. 23.—Police today are hunting for a burglar who while the body of Ed Collins lay in the morgue here, entered the dead man's house and stole his clothing.

RECOVERING FROM OPERATION. Jones, of 69 West Church street, who underwent an operation at the City Hospital yesterday, is very satisfactory.

BURROUGHS IS IMPROVED. Pasadena, Cal., Feb. 23.—John Burroughs, naturalist, who is in a hospital here for a rest, was much improved today, it was announced.

O'Callaghan at America's Shrine of Liberty.

WHEN Terence MacSwiney's successor as Lord Mayor of Cork was released from the immigration inspectors' custody following his arrival in this country as a stowaway, almost the first thing he did was to go to Independence Hall, at Philadelphia, to see the famous Liberty Bell. "It is to me the most wonderful sight of all I have seen in America," he says. "Some of it is not remote—such a bell will ring out freedom's glad things through Ireland."

CORK'S LORD MAYOR GETS OVATION AT MASS MEETING FOR IRISH CAUSE

High School Auditorium Packed To Hear Donal O'Callaghan Give Ireland's Appeal to Americans For Sympathy—Hundreds Meet Lord Mayor at Reception.

The visit of the Lord Mayor of Cork, Donal O'Callaghan to Newark, proved to be an ovation.

Upon his arrival from Columbus yesterday at 1:35 an enthusiastic reception was given him. E. Smith, James K. Cox, and Eugene McCarthy.

He headed the parade around the square and was then taken to the Hotel Warden, where on informal reception was held in the lobby. The reception committee there was made up of the following young women of the Catholic Young Women's club, Misses Genevieve Kates, Helen Stapleton, Henrietta Jordan, Dorothy Allen, Margaret Kelly and Esther Manning.

Captain Monteth, former British army officer and now with the Republican army of Ireland, was with the Lord Mayor, and the esteem in which he is held in Newark, was attested yesterday, when those passing in the receiving line, all greeted him warmly.

About one thousand people shook hands with the Lord Mayor during the reception hours, and he spoke a few words thanking them for their reception.

At 6 o'clock the banquet was served in the dining room of the hotel. The tri-colors of the Irish Republic were blended with the Stars and Stripes. The tables were arranged in parallel lines, cut flowers and pot plants adorned the tables and at the speakers' table sat the honor guest, Lord Mayor O'Callaghan, the toastmaster John K. Cox, Rev. Father Ruane, Captain Monteth and members of the different committees.

A four course dinner was served following which Toastmaster Cox, told how the story of the Irish struggle for independence resembled that of America and commented on the fact that one of the leaders of that fight should visit Newark on a day devoted to the honoring of America's greatest leader in his fight for independence. He then greeted the honored guest in Washington's words and the Lord Mayor of Cork responded telling of his appreciation of the hospitality shown him and that he had found the United States land that loved liberty. He also spoke of the coincidence of his visit with the celebration of Washington's birthday and said that Ireland's fight could be ended if America but remained true to her ideals. He paid tribute to Washington and his wonderful ability as a fighter. He concluded by saying that if "friends of freedom walk well together, Irish victory is assured."

The meeting adjourned to the high school auditorium where W. H. Smith, president as master of ceremonies and a number of representative citizens and visitors occupied chairs. Among the visitors were Timothy S. Hogan of Columbus, Daniel Butler, state deputy of the Knights of Columbus and Mr. Duffy, also a prominent Knight of Columbus.

The Star Spangled Banner" was sung by the audience, and Mayor Atherton extended the welcome address. He said American sympathy was with the Irish people as the Irish struggled for liberty, for the Americans were a liberty loving people, and that he considered it an honor to welcome the visitor to the city, and that he extended him the warm welcome. The Elks glee club quartet sang several numbers led by Frank Ewald including the Irish Republic hymn.

Captain Monteth was the first speaker. A man of wonderful personality, he puts a punch in every word. He thanked the people of Newark for the reception, and the press of the city,

for the splendid publicity, given not only this meeting but previous endeavors. He said he wished to correct an impression, however, that he had stated that American papers were censored with regard to Irish news. His statement, he said had been, that all cables coming from Europe were censored by a British office in London and therefore the Irish news was not given in its entirety.

He read excerpts from an editorial printed a week or so ago in a Newark paper. Captain Monteth said: "I am not a speaker, I am a soldier, and my moral code is that 'Thou shalt not bear false witness and so that any understand I am stating my case before you, the audience of American people, is the bar and its members shall be my jury, and with such a bar and jury I expect an honest verdict.'" He repeated the statement that if Ireland were free Germany would use her power. In reply to the editorial comment that Ireland had allied herself with Germany he asked if America presumed to question the alliance of England with Japan. He said it has been customary throughout the ages for a country to ally itself and so that had never declared war on Germany and that the right of maintaining ministers in Germany by Sweden, Switzerland, Spain and other neutral countries was not questioned.

He paid glowing tribute to Sir Roger Casement, calling him the noblest of men. "It is not given to men often to walk to the brink of life and look over the edge. At that time man's nobility of soul is attested, and Sir Roger Casement had the greatest and noblest of souls."

In introducing the Lord Mayor of Cork, Mr. Smith stated he was well known. The Lord Mayor responded saying his position corresponded to the story of the man "who was well known, but not so favorably." He said his journey to this country was a bit uncomfortable, for unable to obtain a passport he came as a stowaway to testify before the commission of 100 at Washington.

He began his address with a brief review of the struggle of the Irish people for a period of 700 years to throw off the yoke of Ireland. He stated that "propaganda is the most powerful factor in any fight today. Any country that used it scientifically and consistently is sure of success. No country has so consistently used it as the British empire, and this propaganda is what causes people to ask 'why is it necessary to continue the fight in Ireland, why not compromise, etc., etc.'"

He then explained how it was not a fight of one generation but successive generations and how if a partial settlement was effected now in another generation the unrest would arise and the fight for absolute freedom would continue. "We can only have peace with absolute freedom."

He told of the unequal fight Ireland is making. How America recently decided to reduce her army to 175,000 as all that was necessary to protect our country. He said England had over 100,000 troops in Ireland which is about as large as New York state.

"We do not whine when our men fall in battle. It is the fruit of warfare. When the English army suffers a loss in the field they do not endeavor to come back at the men, but they will turn their guns on helpless women and children."

He touched on the fact that England gave as her principle for fighting, that all nations shall be free, and then that she excepted Ireland. He also said the Irish people wanted to know how sincere America was in her fight for the same principle.

He told of Cork, as an example of British terrorism. Of the details of the (Continued on Page 4, Col 3)

DENBY ENROUTE SOUTH TO TALK WITH NEW CHIEF

Detroit Man Is Willing To Accept Secretaryship If Offered.

Harding's Friends Believe Hoover Will Accept Portfolio.

Detroit, Mich., Feb. 23.—Edwin Denby, President-elect Harding's selection for secretary of the navy, left early today for St. Augustine, Florida, to confer with Mr. Harding. Mr. Denby was in telephone communication with Mr. Harding last night when the conference was agreed upon. Asked if he planned to accept the secretaryship, should it be formally tendered him, he indicated that he would.

St. Augustine, Fla., Feb. 23.—With only a few formalities remaining to finally close up the selection of his cabinet, President-elect Harding gave his attention today to other immediate appointments and to the preparation of his inaugural address.

The chance that changes will be made now in the cabinet personnel is considered remote, although Mr. Harding realizes that contingencies requiring last minute shifts are easily within the range of possibility.

Formal invitations and acceptance have not yet been exchanged in regard to three of the 10 places, but the attitude of all the men selected has been felt out informally.

The three from whom formal acceptance are still to come are Edwin Denby of Michigan, Herbert Hoover of California and James J. Davis of Pennsylvania, slated respectively for the portfolios of navy, commerce and labor.

There have been published reports that Mr. Hoover might decline, but they manifestly are not credited by Mr. Harding and his advisors.

Another selection understood to have been decided upon is that of George B. Christian, Jr., to be secretary to the president. Mr. Christian has been Mr. Harding's private secretary since he entered the senate six years ago and although there has been no formal announcement, every indication points to his retention.

Mr. Christian is 47 years old and has been a neighbor of the Harding's for years. He is a graduate of Pennsylvania Military College, with the degree of civil engineer and before coming to Mr. Harding was general manager of a Marion lumber and stone company. He has wide official acquaintance gained during his six years in the national capital and in the course of his confidential relations with Mr. Harding during the 1920 campaign.

M'CANNON WILL RESIGN JUDGESHIP

Cleveland Municipal Court Justice, Acquitted By Jury Says He Will Quit March 15.

Cleveland, Feb. 23.—Judge William H. McCannon in a statement issued today, announced he will resign as chief justice of the municipal court on or about March 15. The statement was in reply to a resolution adopted by the Cleveland bar association last Monday asking him to resign. Judge McCannon recently was acquitted of a second degree murder charge in connection with the death of Harold C. Kagy.

CREE-BECKER INSTALLS JARECKI PIPE MACHINE

The Cree-Becker Oil Tool company has completed the installation of a Jarecki pipe machine at its plant in East Newark.

There had been a large demand for pipe work and the completion of the machine, will facilitate work for those interested.

ATTORNEYS CONFIDENT BAUSCH WILL BE CLEARED

Chief of the Fire Department Louis Bausch who was suspended Monday afternoon by order of Mayor Atherton still refuses to make any statement concerning the charges placed against him by the mayor.

Hearing of the charges which are "inefficiency, incompetency and insubordination" will take place Friday afternoon at 1 o'clock in the council chamber of the city before the local civil service board.

Attorney Fitzgibbon and Montgomery and Phil Smythe who represent Chief Bausch express the greatest confidence that their client will be cleared of all charges.

Much speculation regarding Fire Chief Louis Bausch's eligibility for a pension in case the charges against him are proved or disproved has been going on in the city following the filing of the charges Monday.

Lee S. Pemberton, president of the board of trustees for the police and firemen's pension fund stated this afternoon that in case the charges are proved the chief would be entitled to pension. On the other hand if they are disproved he can continue as chief as long as he remains qualified for the position. In the pension regulations there is no stipulation as to age of retirement.

The pension fund which is maintained by local taxes under a will left by the late Mayor A. J. Cresson, has \$100,000 in the pension fund at the time of retirement.

The pension fund which is maintained by local taxes under a will left by the late Mayor A. J. Cresson, has \$100,000 in the pension fund at the time of retirement.

CHILD IS HELPED BY ROTARIANS

Newark Boy Who Received Treatment at Elyria Hospital Through Efforts of Club Is Guest at Dinner.

District Governor Sam Squires of Elyria gave an inspiring Rotary talk at the Rotary dinner at the Masonic temple last night before the Newark club and 10 visitors from Mt. Vernon who were the guests of the local club. Mr. Squires traced the growth of the organization from one club in Chicago in 1905 to the present strength of 335 clubs at the present time, stating that during that time no club has ever given up its charter. Rotary is represented at present in 15 different countries.

Rotarian Squires also traced the interesting beginning of Rotary work with crippled children, the Elyria club first taking up the work under him as president and later interesting all of the clubs in the state.

A striking example of Rotary work in this connection was shown by Dr. H. J. Davis who brought, Little Marion Ashcraft to the dinner and had him display by actual demonstration the work being done. Marion five months ago was a helplessly crippled boy. Through the local club he was sent to the Gates Hospital for crippled children at Elyria and today he can walk without the aid of crutches.

Rotarian Rev. Carlos Hanks gave an inspiring talk on the growth of Rotary following Dr. H. J. Davis on the Crippled Child movement in Rotary. H. P. Moulner talked on the object of Rotary giving acquaintance and service as the main ideals. C. H. Harington Davis spoke shortly of the nature of Rotary's work with boys, stating that it was a helplessly crippled boy. Through the local club he was sent to the Gates Hospital for crippled children at Elyria and today he can walk without the aid of crutches.

The Rotary club endorsed by resolution the project of the National Child Health council and urged the selection of Licking county for the experimental work, promising the fullest co-operation and moral support if Licking county is chosen.

The Mr. Vernon visitors who came to Newark yesterday noon were taken to the Country club for luncheon and in the afternoon visited the Barker Golf plant, Wehman's Greenhouses and Wehman's glass plant, preceding the dinner at night.

TOT IN HITCHY KOO MAKES HIT WITH CROWD

"Hitchy Koo," a song-oration of music, pretty girls, dancing specialties and novelties, pleased Tuesday night's audience at the Auditorium theater but it took Baby Josephine, a mite of humankind, to win the certain call for the encore.

The show was much the same as other revues, except for the original manner of the opening, but the presence of Baby Josephine, only five years old, on the stage with the big folks, struck a popular chord in the hearts of the audience and they were willing to watch this clever child indefinitely.

She sang with expression as good as her tiny voice would permit, and she danced gracefully and her short skirt with Port Lachlan was funny.

The dancing of Ruth Abbott and Jean Pifer, while not new, was clever and these three probably took second place in the reception accorded by the audience.

The music was a disappointing feature, only one number, "Just a Old Fashioned Gospel," being successful.

Frank Cornell, master of ceremonies, opened the show cleverly with a talk made from the orchestra rail. He admitted beforehand that the show lacked a plot but said that if everybody got acquainted, the fun would be greater.

So the dancing and singing well known Newark men in the audience by name, shaking them by the hand and introducing them to their neighbors. The fact that he made a few mistakes in identity did not detract from the fun and novelty of the introduction.

SISTER SAID TO BE NEAR DEATH

Mrs. M. Knepper of West Main street received a telegram this afternoon stating that her sister, Mrs. Thomas Mason was at the point of death at her home in Linton, Pa. Mrs. Knepper and her sister, Mrs. Margaret Bowman and their brother, John Knepper will leave tonight for Linton, Pa.

WANTS VOTE OF WAR VETERANS ON BONUS

L. E. Smith, of Marion, is in the city today to canvass for the National Bonus bill for war service men. He is taking the opinions of the men on the bonus bill and as he will be able to see only a small proportion of the service men during his stay here he has requested that the men fill out the form printed below and mail it to the American Legion post here.

Mr. Smith stated that there was a good chance of the bill passing this year if the men approve of some form of compensation except cash.

Louisville: Morton H. Smith, president of the Louisville and Nashville Railroad company died here from heart disease.
Shelton, Conn.: Eight persons were killed and 25 injured when two trolleys collided near here.
New York: Ray Moore, St. Paul given judge's decision over Denny Custer, New York after 15 round bout.

VETERAN CONDUCTOR OF B. & O. DIES WEDNESDAY

The death of Michael F. O'Shaughnessy, aged 64 years, and B. & O. conductor, occurred this morning at 3:45 o'clock at his home 31 Poplar avenue after a two years illness of Bright's disease and heart trouble. He was born September 11, 1856 in Sonoma and was the son of Patrick O'Shaughnessy. He came to Newark in 1875 and in 1880 was married to Miss Mary Ann Mahan of Belaire, who preceded him in death three years ago.

Mr. O'Shaughnessy was in the service of the Baltimore and Ohio road at this point for 43 years and was a freight conductor for many years on the Shawnee division.

Surviving are six sons and three daughters: John O'Shaughnessy, who is with the American army in Siberia, Vincent also with the army and stationed at Ft. Hancock, New Jersey; Leo and Herman of Newark; Thomas, Walter, Misses Mary and Sarah O'Shaughnessy and Mrs. Nick De Beliso of the home. One brother, a twin, James O'Shaughnessy of Elmwood avenue, and a sister, Mrs. Joanna O'Neill, of Lancaster, also survive.

Funeral arrangements have not been completed, but a private funeral will be held sometime Friday, owing to the fact that there is scarlet fever in the home and the family is in quarantine.

CORK'S LORD MAYOR

(Continued From Page 1)
Lord Mayors of that city. Of the burning of all the principal buildings of that city.

He concluded by saying the Irish expected the present fight to bring them to victory. For the Irish are united as never before; they are determined as never before, and that as a free people they expect America to lend her sympathy and recognition.

Timothy Hogan of Columbus spoke briefly for the cause. In his usual happy way and a collection was taken. The high school auditorium was crowded and many were turned away.

One of the features of the program was the Irish folk dance and song by little Miss Angela Brennan, daughter of Harold Brennan of North Fifth street.

WELSH SINGERS MAKE HIT IN COLUMBUS

"The Mountain Ash Welsh Male choir sang in a matchless manner and was applauded again and again," said this morning's Ohio State Journal, commenting on the appearance of the choir before the Rotary club of Columbus yesterday. The choir appears tonight at the high school auditorium under the auspices of the Plymouth Congregational church.

ST. LOUISVILLE R. D. 2

Harvey Maharg, Newark, spent Wednesday with his father and brother, Adam and George Maharg.

Miss Bessie Langstaffer is sewing for Mrs. Mae Hoskinson this week.

Mr. and Mrs. James Layman and Mrs. A. E. Hoskinson attended services at Chatham Sunday evening.

CLEVELAND: Walter Wolanski, and Fred Wilman, drown when ice broke with them on skating pond.

USE SALTS?

Yes, if it's the "Ambition" Brand

Don't use the harsh, unpleasant, old-fashioned salts that's a punishment to your palate and stomach to take. Use WENDELL'S SALTS, AMBITION BRAND—the new, pleasant, effective preparation that tastes so good and acts so quickly. Help drive the dangerous uric acid poison out of your system and you'll feel better.

Go to T. J. Evans today and get a big bottle of WENDELL'S SALTS, AMBITION BRAND, for sixty cents. If it doesn't do all the claim for it your money back on the first bottle purchased. Try it for indigestion, biliousness, headache, constipation, Gout and Torpid Liver.

Seed Plots

(National Cereals Improvement Service)
THERE ARE a few men in America whose devotion and loyalty to their duties is greater than financial reward.

Ransom A. Moore, Agronomist at the Wisconsin Agricultural College, has devoted a lifetime to the improvement of Wisconsin seeds and is probably the foremost breeder of field seeds in the world. He has the rare faculty of passing his enthusiasm and conviction along to his students and he has organized his alumni into the Wisconsin Agricultural Experiment Association, each man being devoted to the propagation of Wisconsin pedigreed seeds.

"Prof. Moore's example has been followed by several of the Northwestern states," says Mr. Frank Baackes, Vice Pres. American Steel and Wire Co., "and seed breeding associations are now in operation in Minnesota, North Dakota, South Dakota, Iowa and Kansas and some other states."

"Farmers generally, however, do not appreciate what this work means or that would all be in it up to their necks. For instance, in the Northwest the average yield of Marquis is about 125 bushels. In Wisconsin the average yield of Marquis is about 10 bushels per acre, but the pedigreed Marquis propagated by Prof. Moore and his boys averages 24 bushels per acre. These grains are grown and offered to sale by the members of the Association and, as far as I know, Wisconsin offers the only ear lot source of pure-bred grains faithful to type and variety."

Wisconsin has probably made a greater reputation on its pedigreed barley than any other grain and Prof. Moore says that his pedigreed seed grains will maintain their characteristics wherever planted. The Wisconsin grains have been bred with a view to early maturity and large yield and this seed is being shipped to all parts of the earth, Europe, South Africa, South America and Australia. It also is being shipped to Texas and the Southwest, adding its character and doing better than other grains.

Wisconsin pedigreed oats are prized not only for their heavy yield but also for a very stiff straw which enables them to stand lodging.

The annual exhibition at Madison, of Wisconsin pedigreed grains has received nationwide notice. The Association at Madison will accept orders from farm bureaus, individuals and seedsmen and their seeds are always be in demand.

A Woman's Message to Women:

COSEMOFOLIS, WASH.
"Three years ago I was sick from a severe pelvic trouble, for which I had an operation, but was not relieved of my suffering, and was told nothing more could be done to improve my condition. My husband found your ad. in the paper and ordered a sample, and upon receiving it, immediately bought a full course of your Ooline Treatment, which I used as directed, and I am a well woman today. I certainly do recommend your treatment very highly for I positively know what it will do, and hope others will come to do it."
MRS. C. A. ARONSON.

R. F. D. No. 8, BATAVIA, N. Y.
"I am sending for your Ooline Treatment for my daughter, as I have used it myself and know what it will do. I was a terrible sufferer from female disorders, chronic and wasting cramps, and dragged around for two years. Then I used your treatment, and at the end of two months I was perfectly healed and have never been troubled since, so I can't praise your medicine enough. Use my name if it will help anyone else to get well, and know it will if they use it rightly."
MRS. R. S. PARKER.

Only A Woman Knows A Woman's Trials and Understands Her Need of Sympathy and Help
That is why hundreds of women gladly testify to the value of Mrs. Summers' popular Ooline Home Treatment in relieving so much of the misery and suffering known only to womankind. READERS, if you are troubled with some of these special ailments of women—
SEND FOR A FREE TEN DAYS' TREATMENT
with illustrated, descriptive copy of "Women's Own Medical Adviser." Test Mrs. S. Summers Ooline Home Treatment for yourself, in your home, without the knowledge or aid of any doctor. You can then continue it, if you wish, at about 12c a week. For twenty-five years women reported it satisfactory, and often superior to vegetable tonics and compounds. Used by old and young and does not interfere with daily work. Write for the Free Trial, address: **THE SUMMERS MEDICAL CO., Women's Dept., O. South Bend, Ind.** (Mrs. Summers' Remedies Are Sold At Leading Drug Stores.)

General Publicity

— Versus —

Applied Advertising

THERE are two kinds of advertising. One kind is called "general publicity." Sometimes it is further described in phrases like "atmosphere building," "national prestige," or appeal to "key consumers."

It is the glittering generality of thinly spread, country-wide appeal—the hit-or-miss way of trying to sell goods.

The other kind of advertising is "applied advertising."

There is nothing mysterious or indefinite about it. It is simply advertising in the columns of daily newspapers concentrated in the markets where the advertiser has a chance to sell goods.

It is definite, for it reaches all possible customers. Usually it tells them the merchants who sell the advertised goods.

Applied advertising makes sales. Its results can be weighed and measured. It either pays or it does not. It generally does pay, and if it does not, the reason why can be quickly ascertained.

Manufacturers and distributors are today turning to newspaper advertising, for these are the days of intensive selling.

They want applied advertising because this is the kind that keeps the cash register bell ringing.

Manufacturers and distributors interested in the problems of modern merchandising are invited to write to the Bureau of Advertising, 306 World Building, New York, for a copy of the book, "National Advertising and the Newspapers."

ACT WITHOUT PAY
WITH NAZIMOVA
Several hundred otherwise sane men and women reversed the natural order of things at the gates of Metro's Hollywood studios not so long ago and struggled to work as extras regardless of pay, for no pay at all, or by paying for the opportunity to work.
The occasion for this unheard of phenomena was the announcement that Nazimova was about to begin filming her new production, "Madame Peacock," a picture version of Rita Weiman's short story of the same title. This picture may be seen Thursday, Friday and Saturday at the Auditorium theater.
The opening scenes of the story take place in a theater with the star occupying the center of the stage. For the audience something like five hundred men and women were required. So a call for that number of extras went out through the casting director's office.
When it was discovered that the long coveted opportunity to see the gifted

Russian actress at work before the camera might be realized in this way, both men and women who never had dreamed of working as extras began pulling wires to get into the picture.
Casting Director Singer soon found that instead of seeking extras, his greatest difficulty consisted of keeping their number down to the capacity of the theater auditorium that had been erected on one of the enclosed stages.
When the process of elimination finally was completed, lights were flashed, a whistle sounded and the camera began grinding with the most exqui-

NAZIMOVA

sive aggregation of extras ever gotten together playing the part of the audience.
LEE KIDS ARE TO BE SEEN IN PICTURE.
The Lee Kids, Jane and Katherine, are coming to the Auditorium starting on Thursday together with Nazimova, and will be seen in the two reel comedy, "The Circus Imps." This is a special added feature and no doubt will be glad news to all movie fans, for these children have not appeared in movies for some time.
DOROTHY GISH STAR
Dorothy Gish in a lively screen "arce," "Remodeling Her Husband," will be the attraction at the Alhambra theater tomorrow and Thursday. The star has the role of a vivacious young

girl who marries a flirt with the idea of reforming him. After a blissful honeymoon, they settle down to wedded life. But Friend Husband soon strays from the straight and narrow. At first Mrs. Newbury is prone to forgive and forget, but when an affair between her spouse and a manicurist comes to light, she puts her foot down and flees to father. Then, by a most novel means, she brings her erring lesser half to terms.
Miss Gish is declared to be just as vivacious and laugh-provoking as ever in "Remodeling Her Husband." Her leading man is James Rennie, the popular stage player.

DOROTHY GISH in "REMODELING HER HUSBAND" A PARAMOUNT ARTCRAFT PICTURE

present Harry's sex play in three acts "Where Are My Children." It is said to be the greatest sex play ever written. It is full of a complete change of the vaudeville program between acts.
Fuel economy is the claim of the inventor of a steam boiler furnace using flat plates instead of grate bars, air for draft being blown into channels in the plates.
Missouri has 26,273 licensed automobile drivers.

QUICK RELIEF FROM CONSTIPATION
Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.
Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.
Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.
No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.
If you have a "dark brown mouth," bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.
Thousands take these every night just to keep their bowels, liver and skin in good condition.

PUSH PLANS TO CONQUER EVEREST

British Geographical Society Selects Well Known Asiatic Tourist to Lead Expedition.

London, Feb. 22.—The Royal Geographical Society is pushing forward its plans for the conquest of Mount Everest, the highest mountain in the world, the summit of which no white man has ever reached. The main attempt will be made next year.
Sir Francis Younghusband, the president of the society, has announced that Colonel Howard Bury, who had traveled much in Asia, had been chosen to lead this year's expedition, with Harold Raeburn in charge of the actual reconnaissance of the mountain. This will be in preparation for the real attempt next year to reach the summit.
Sir Francis said that the society had the utmost confidence that Colonel Bury would conduct the expedition in such a way as to preserve the present goodwill of the Tibetans, friendly relations with whom was regarded as of the utmost importance.
Mr. Raeburn is the most experienced mountaineer in the Alpine Club now available and has just returned from a reconnaissance of Kanchenjunga, a mountain in the Himalayas with an altitude of 28,146 feet, and it is hoped that he will be able to leave England about the middle of March.
The society is also hoping to secure the services next year of Brigadier General the Hon. C. G. Bruce, the originator of the idea of ascending the mountain.

RADIO GIVES POLICE ALARMS

New York Department Scatters Broadcast Reports of Stolen Automobiles and Other Crimes.

New York, Feb. 22.—A potentially omniscient recruit has been added to the detective force of the New York police department—wireless telegraphy.
Through this "rooky"—for it is admittedly in the experimental stage—the atmosphere of the police radius is literally suffused with police alarms concerning stolen automobiles and other suspected criminality. It was announced today. Messages of this sort are flashed broadcast every night between the hours of 7:30 and 1:30, but the station atop police headquarters is kept open constantly to receive messages from other points.
The effectiveness of the radio as a detective agency is limited only in the lack of co-operation, so far, of police departments of other cities although officers in charge of the station here said they are receiving admirable co-operation by amateur operators within their receiving radius. Heading the messages sent out every night is a request that all amateurs hearing the alarms copy them and deliver their contents to their respective police departments. In the case of stolen automobiles, a brief description is given, including the make of car, the license number and the motor number. There are several elements in that method that hinder the work, he said. Aside from having to depend upon the honesty and zeal of the amateurs, they usually operate their stations as an avocation and

their whims may not always lead them to listen when messages are being sent. Sergeant Pearce said there are many obvious advantages of the radio over the use of the telegraph. In the first place, it covers a given area instantaneously, whereas the telegraph can cover only a few points along one line at best. Speed is one of the most important factors in sending alarms, so that police all over the sending area may be on the alert at once. The radio also is cheaper, he said, for the plant here can be operated at the expense of burning only a few electric bulbs. Another point in its favor is the removal from danger of the line being cut off by the very criminals the detectives are trying to trace.
The efficacy of the radio also was pointed out in discovery of criminality on board incoming and outgoing ships. Ships bringing to this country suspected criminals could easily tip off the police department when they near port and detectives could be on hand at the docks to seize the suspect.

DRIVE AWAY HEADACHE
Rub Musterole on Forehead and Temples
A headache remedy without the dangers of "headache medicine." Relieves headache and that miserable feeling from colds or congestion. And it acts at once! Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister. Used only externally, and in no way can it affect stomach and heart, as some internal medicines do.
Excellent for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, all pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

SOCIAL AFFAIRS

The "Anti-Can't" class held its regular business meeting at the home of the teacher Mrs. Donaldson, in Stevens street Monday evening. After the business session refreshments were served the following: Misses Thelma McNamee, Florence Warthen, Eva Cranner, Blanche Warrington, Nellie Braden, Howena McNamee, Anna Mae Rice, Catherine Brown, Pansy Greenwood, Helen Johnston, Inez Hooper, Phoebe Johnson, Hazel Jones and Mrs. Donaldson. Miss Lula McCann was the guest of the class.

Mrs. Rose Wilson is entertaining the members of Hetuck Chapter, Daughters of the American Revolution, on Friday afternoon at 2:30 o'clock at the Masonic Temple. A special program will be in charge of Mrs. Homer J. Davis.

The Missionary department of the Ladies' Association of the Plymouth Congregational church will be held Thursday afternoon at 2:30 o'clock at the home of Mrs. T. J. Andrews in 59 Oakwood avenue.

Members and friends of the Second Presbyterian church attended the George and Martha Washington social given Tuesday evening by the second social group of the church, Mrs. Bristol East in charge.

A room decorated with American flags, portraits of the Father of his

country and Lady Washington, and candle lighted tables welcomed the guests who were introduced to George and Martha and their numerous relatives and intimate friends. Newark's rich store of ancient wardrobes were ransacked with evident success for this occasion.

After all had paid their respect to their hostesses and most honored host, a musical and literary program followed.

Appropriate refreshments were served.

Mr. and Mrs. T. J. Solomon and son Raymond entertained with a six o'clock dinner Tuesday evening at their home honoring Mrs. J. R. Boswell of Duluth, Minn.

A beautifully arranged Washington's Birthday party was given at the home of Mrs. L. H. Conner in West Main street. Tuesday evening, when Mrs. Conner and Mrs. Frank Fraser entertained the members of the Coterie club and their husbands.

The only light was afforded by numerous candles, and the rooms were arranged with the national colors. A three course dinner was served, and all the guests were in colonial costumes. The hours following dinner were devoted to readings and games.

The Trinity Sewing club will meet Tuesday afternoon at 2 o'clock at the parish house.

Dr. and Mrs. J. P. Shui celebrated the tenth anniversary of their wedding on Monday evening at their home in

Linden avenue. Their guests numbered 37 and were members of the Tuesday evening dinner club.

The dinner appointments were pink and white, while on the third floor where dancing was enjoyed yellow green were used. Vaudeville features by Dave Murphy and H. K. Smith afforded much amusement and Mr. P. M. Jagg presented Dr. and Mrs. Shui with a gift from the club.

The Dorcas Society of the Holy Trinity Lutheran church will meet at the home of Mrs. T. D. Keys of Fulton avenue Thursday afternoon at 2 o'clock.

Research club was entertained with a valentine party Saturday afternoon, at the home of Mrs. W. S. Turner, 272 Hudson avenue, with Mrs. Martha Slinger as hostess.

A playlet, entitled, "Have a Heart," was given by a cast selected from the club, assisted by Miss Junia Sells, a former member of the club, William Edgerton and Miss John Shrontz.

Following is the cast: Jerusha Bangs.....Miss Thora Mac Donagh Petunia Pickles.....Miss Inez Korb Mintia Julep Cloverport.....Miss Edgerton and Miss John Shrontz.

OBITUARY

Harvey Hazlett, aged 63 years, a farmer, died Tuesday evening at 9 o'clock at his home one mile west of Brownsville. Death was due to complications. He is survived by a widow, one son Edward of Brooklyn, New York, and a daughter living in Pennsylvania.

Funeral services will be held Thursday afternoon at 2 o'clock, eastern time, in the M. E. church in Brownsville. Rev. C. B. Schulz of Columbus will officiate and burial will be made in Brownsville cemetery.

Letitia B. Frame. The death of Letitia B. Frame, mother of E. M. Frame, occurred at Blue Rock this morning. She was aged 81 years and had been a life long resident of the Blue Rock neighborhood. For more than 60 years she had been a member of the Rockville Baptist church from which place her funeral will be held Friday. She is survived by five sons, William S. Frank A. Everett M. of Blue Rock, Harry C. of Zanesville and Edward K. of this city.

Mrs. Allie Mattingly, aged 68 years, died Tuesday morning at her home in Mattingly settlement in Muskingum county. Her death was due to heart trouble with which she was sickened about a week ago and since that time her condition had been serious.

She was a member of St. Mary's Catholic church of Mattingly Settlement.

Surviving are her husband, and two sons Morris and Louis Mattingly. Mrs. W. V. Jordan and Miss Rose Dolan of this city are sisters of the deceased.

Funeral services will be held Thursday morning at 10 o'clock in St. Mary's church.

THE COURTS

Charges Desertion. In the case of Gladys I. Taylor vs. Paul E. Taylor, Mrs. Taylor filed an amended petition in common pleas court Monday afternoon charging desertion on the day of their marriage three years ago and failure to support their child. Mrs. Taylor seeks divorce and all proper relief.

Repay is Filed. In the case of the Newark Consumers Gas company vs. the Buckeye Trolling Mill company the rolling mills company filed an amended answer in common pleas court this morning denying the allegations of the petition through its attorneys Fitzgibbons, Montgomery and Black.

Real Estate Transfers. N. S. Bricker to C. E. Daniels, lot 3472 Woodside ave. \$1500. A. R. Lamb to T. C. Logan, 60 acres Lima twp., \$12,500. W. C. Porter to W. F. Dolander, lot 28 Prior ave. \$2000. Edgar Reed to F. M. Reed, lot 4977 Smith add \$2500.

Marriage Licenses. William P. Tamey, auto mechanic, Cleveland and Miss Rachel B. Jones, Rev. C. G. Hazlett named to officiate. Harry Emerson, painter, Atlantic City and Miss Bertha H. Rice. Lee R. Dorn, machinist, Canton and Miss Bertha B. Conine, cigar packer.

GRANVILLE

(Special to the Advocate.) Granville, Feb. 23.—The Washington banquet, annual social event at Denison, was held Tuesday evening in Shepardson Commons with covers laid for 150 guests comprising members of the faculty alumni, students and friends of the institution. Those guests were received in Stone Hall parlors and were seated by means of place cards at tables arranged in the form of a closed U. The beauty and simplicity of the decorations were in harmony with the occasion. The menu was served in six courses. For Webster of the senior class was toastmaster.

Dr. C. L. Williams responded to the toast "George Washington." Theodore Adams of the senior class spoke of "Seeing Things." Miss Elva Morris gave a splendid rendition of "Denison's Birthday" and the program closed with the response to the toast "The Standard and the Event" by Dr. Francis W. Shepardson.

The students' orchestra, stationed behind the scenes of the event, gave a fine musical program, highly appreciated by the company.

Mrs. Jones of Cincinnati is visiting her daughter Erma at Shepardson college.

Frederick, the two-year-old son of Mr. and Mrs. Ray Brothers of Centerville, died Monday from the after effects of an attack of influenza which he suffered a year ago. The funeral will be held Friday afternoon at the home and interment in Cedar Hill cemetery.

The farmers of Granville township and vicinity will attend a meeting in the Community rooms in Granville on Saturday afternoon at 2 o'clock for the purpose of discussing plans for starting a co-operative association.

Milady's Boudoir

Wrinkles Ruin Beauty. Begin to watch for the wrinkles at 30 years of age. If a woman of 50 had begun to care for the face lines at 30 she would have no wrinkles. Face should be massaged faithfully with a skin food, cream and skin food. Every woman's face needs a skin food and she should always rinse the face with cold water, after hot water has been used on it.

There is a skin food that can be made at home. If fill a saucup with boiling water and stand a jam jar in it. Shred two drams of white wax and two drams of spermaceti into the jar and let them dissolve. Heat, but do not boil, two ounces of sweet oil of almonds and add to the wax. Heat two ounces of sweet oil of almonds and add to the wax. Heat two ounces of orange flower water and add it to the mixture, half a teaspoon at a time, stirring the mixture briskly. Lift the jar out of the pan and beat the mixture until it is of the consistency of thick cream. Just before it gets to the right consistency add one dram of oil of sweet orange. Put into small jars and seal. It will keep a long time in cool weather.

For cleaning cream to remove the rouge and powder, make the following.

Melt one ounce of white wax and the same of spermaceti. Then add, very slowly so it will mix well, four ounces of rose water and four ounces of almond oil. Stir until it is of creamy consistency. Powder and rouge should never be kept on overnight and should be wiped off with the above cream.

If you have permanent wrinkles, this lotion if rubbed in night and morning, will help you a great deal and, with some skin, will almost entirely eradicate these deep set afflictions. Dissolve 70 grains of powdered alum in six ounces of rose water and then pour gently into an ounce and a half of thick almond milk. Apply with a soft linen cloth every night before retiring.

Our Boys and Girls. It is difficult for a woman, particularly a small woman, to lift the baby's tub, full of water, from the bath room tub and carry it to the nursery, and then to lift it back again to empty it. There is a very good tub now to be had that is made of rubber held in place on a metal frame, which fastens securely to the side of the large bath tub. It can be easily filled and lifted into place or filled with a hose from the bath room faucet and can be as easily emptied. Many mothers never use a baby bath tub but bathe their baby in the large tub from the time they are born.

She does not put much water in the tub, and she first heats it with hot water, if the tub is cold. She says her child learns to swim unconsciously. She holds one hand under the chest or back and, even when the child is only a few months old, they will naturally take swimming strokes with both hands and feet.

Everyday Etiquette. "Please tell me whether it is correct to congratulate a young lady upon her engagement, or should such congratulations be given only to the man?" asked Mona.

"It is all right to congratulate the man but, in felicitating the young lady one should not congratulate her, but just express one's interest and pleasure and wish her happiness," said her aunt.

EQUITY STOVE PLANT OPERATING FULL TIME. The plant of the Portsmouth Stove & Range company, is operating at full capacity and is increasing its force of experienced molders and mounters. Mr. Krauss, vice president of the company states that sales for the first two months of this year have exceeded the same period last year, and their prospects for a steady run during the year are very good. This company has operated the plant full time through every business depression the country has experienced in the last 30 years.

DUTCH DAILY CHANGES NAME. The "American Christian Daily," a Dutch newspaper in the English language, which made its first appearance in December, has now changed its name to the "American Standard Daily." It was started by some Dutch-Americans for the purpose of maintaining Christian principles in the daily American press, and it is said that it has been endowed with the sum of \$500,000 on condition that it be published in five American cities. It is now published only in Chicago.

Despite the fact that the United States was "dry" last year, France supplied this country with 285,250 bottles of her finest champagnes.

American Bottle	12	2	857
Y Seniors	8	5	615
Burke Golf	6	8	429
Printers	4	10	286
Midland	4	10	286
Monette	1	12	77

Thursday.
Monette vs. Y Seniors; Hesley vs. Heath.

In the opening game of the Y Industrial league Midland landed the first basket after three minutes play. The bottle team was slow in getting started but when it opened up with the fire-works it rolled in 23 baskets and one foul shot for a total of 47 points to the shoe team's 9. This will probably be the last time this season that the A. B. C. squad meets the shoe men as the league divides next week for the beginning of what was scheduled as the third round.

In the second battle the Printers and the Burke Golf team met for the second time of the year. The type men had things going their way during the first half and it was gloomy in the golfers' camp. The north end men came back strong in the last period and the two squads locked horns for a grand scrap. When the whistle announced the finish the Burke players had a one point lead.

BOWLING

The Newark Ideals rolled into 15th place in the state tournament which closed at Dayton Monday, rolling three steady games for 2748.

In the singles Del Hawkins captured fifth place with 659, rolling 226, 245 and 188. An error in the last game of a single pin cost him first place and the state championship. Following are the scores rolled in each event.

NEW LITHUANIAN LIBRARY

A new Lithuanian public library, the first of its kind in America, is now included in the offices of the Lithuanian legation in Washington. A large part of the collection has been donated by Reverend John Zilius a Lithuanian who for the past 40 years has been engaged in gathering together all the available works of early Lithuanian authors, and to whom the foundation of the library is largely due. Besides contributions from other Lithuanian book collectors, the library has received many volumes from American sources, including the complete work of Theodore Roosevelt.

The wealth of the resource of the French colonies is second only to that of the British colonial empire.

The government of Venezuela will add an institute of modern languages to its school of commerce.

RESOLUTION No. 1043.
By MR. BAKER.

Declaring it necessary to improve Jefferson Street from South Sixth Street to Racoon Creek by constructing a sewer therein.

Be it resolved by the Council of the City of Newark, State of Ohio, three-fourths of all the members elected thereto concurring:

Section 1. That it is necessary to improve Jefferson Street from South Sixth Street to Racoon Creek by constructing a sewer therein, according to the plans, specification, estimates and profiles of the proposed improvement prepared by the Civil Engineer now on file in the office of the Director of Public Service, which are hereby approved and which shall be open to the inspection of all persons interested therein.

Section 2. The materials to be used in the construction of said sewer shall be vitrified clay or shale sewer pipe, and brick catch-basins and manholes shall be constructed of vitrified clay.

Section 3. The grade of said sewer shall be as shown on the plans and profiles now on file in the office of the Director of Public Service.

Section 4. That the whole cost of said improvement less one-fifth thereof, and the cost of construction shall be assessed by the foot frontage upon the following described lots and lands, to wit: All lots and lands bounding and abutting upon the proposed improvement, which said lots and lands are hereby determined to be specially benefited by the proposed improvement.

Section 5. That the assessments shall be levied shall be paid in ten (10) semi-annual installments with the interest on the deferred payments at a rate not to exceed six per cent per annum, provided that the owner of any property assessed may at his option pay such assessments in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer; in which case said cash assessments shall not include any item of interest upon bonds to be issued in anticipation of the deferred assessments and all other necessary expenses.

Section 6. That the bonds of the City of Newark, Ohio, shall be issued in anticipation of the collection of assessments by installments and in the amount equal thereto.

Section 7. That the remainder of the entire cost of said improvement not specially assessed, including the cost of intersection, and the damage awarded any owner of adjoining lands and interests by the collection of deferred assessments and all other necessary expenses, shall be paid by the issuance of bonds in the manner provided by law.

Section 8. This resolution shall take effect and be in force from and after the earliest period allowed by law.

Passed February 11, 1921.
H. H. SCOTT,
President of Council.
Attest: GEO. H. HAMILTON,
Clerk of Council.

Approved by the Mayor this 22 day of February, 1921.
H. A. ATHERTON,
Mayor.

ORDINANCE No. 3188.

By MESSRS. FAUST KNAUBER AND RIGGS.
Amending and Supplementing Section 1 of Ordinance No. 2800, an Ordinance "Determining the Manner of Parking Vehicles, Automobiles and Motor Vehicles."

Be it ordained by the Council of the City of Newark, State of Ohio:

Section 1. That Section 1 of Ordinance 3800 be and the same is hereby amended and supplemented as follows:

Section 2. The vehicle shall not be parked within the intersection of any street or alley, or within twenty feet of a street corner or twenty feet from the curb of any alley in the district described in Section 3 of this ordinance.

Section 3. The vehicle shall not be parked at the curb and at an angle to make a turn or turn between street and alley intersections, if by so doing it obstructs traffic, but shall go forward to a street or alley crossing where a turn can be made without backing or obstructing traffic, and vehicles at all times, shall keep their right side to the curb and the street by the east line of the street to the other, shall do so by describing a semi-circle so as to head in the same direction as the traffic on that side of the street, and in the district described in Section 3 of this ordinance shall stop or park with the front end at the curb and at an angle of sixty degrees with said curb.

Section 3. That all tail lights on all vehicles operated or parked on the streets, avenues, thoroughfares and alleys in the City of Newark, Ohio, shall be kept burning after thirty minutes past sunset to thirty minutes before sunrise, except in the district bounded on the north by the north line of Locust street, on the south by the south line of Canal street, and an extended line to the east line of Sixth street; on the east by the west line of Front street and on the west by the west line of Sixth street, and for a space of 250 feet on each side and in front of all churches and where churches are not situated on the corner of a street, a space of 250 feet on each side of the center of the front of the church.

Section 4. That Section 1 of Ordinance No. 3097 be and the same is hereby amended to read as follows:

Vehicles going in the same direction with any street car, shall not pass between such street car and the curb while a person or persons are going from the curb to the street or from the street to the curb, or to enter the Safety Zone, or when such car has stopped for the purpose of taking on or discharging passengers, until such vehicle has first come to a full stop; provided, that after coming to a full stop, such vehicles may proceed as soon as the same may be done with due regard to the rights and safety of pedestrians.

Section 5. That Section 13 of Ordinance No. 1979, be and hereby is amended to read as follows:

Section 13. That after coming to a full stop, such vehicles may proceed as soon as the same may be done with due regard to the rights and safety of pedestrians.

Section 5. That the assessments to be levied shall be paid in ten (10) semi-annual installments with the interest on the deferred payments at a rate not to exceed six per cent per annum, provided that the owner of any property assessed may at his option pay such assessments in cash within thirty days from and after the passage of the assessing ordinance to the City Treasurer; in which case said cash assessments shall not include any item of interest upon bonds to be issued in anticipation of the deferred assessments and all other necessary expenses.

Section 6. That the bonds of the City of Newark, Ohio, shall be issued in anticipation of the collection of assessments by installments and in the amount equal thereto.

Section 7. That the remainder of the entire cost of said improvement not specially assessed, including the cost of intersection, and the damage awarded any owner of adjoining lands and interests by the collection of deferred assessments and all other necessary expenses, shall be paid by the issuance of bonds in the manner provided by law.

Section 8. This resolution shall take effect and be in force from and after the earliest period allowed by law.

WORST OF PANIC

IS NOW OVER

British Banks and Industries Think Depression Is Past.

The General Catastrophe

Speaks Well For Stability of Nation.

London.—Many British bankers and industrial leaders say they believe the worst of the recent trade depressions in the country has been reached and that the outlook is brighter.

At the annual meeting of the Bank of Liverpool and Martins bank, the chairman, Edward Paul, while admitting the extent and severity of the existing trade depression, did not despair of the power of Great Britain to emerge at no distant date from the difficulties through which it is passing.

He said there were some reassuring features and a good deal of sound business was being done in various directions. The cost of food was coming down gradually and the fall in prices in many commodities, while it caused serious loss to many individual traders, was a relief to other sections of the nation.

He pointed to the rise in the American exchange as a favorable factor and said, while there had been a few failures, the fact that there had been no general catastrophe was a great tribute to the economic stability of the country.

Frank H. Houlter, chairman of the Houlter Shipping Line, presiding at the annual meeting of the line, said: "My hope and belief is that the present depression has been overcome and that we may soon look for some little rebound which will enable business to be resumed and developed, with a moderate margin of profit. At the moment, however, there is no gainsaying the fact that the outlook is very unpromising."

Lord Coleridge, president of the meeting of the Lancashire and Yorkshire Bank, said from a trade standpoint 1921 had opened in depression, but he could see no reason to be unduly despondent about the future. Lancashire had weathered worse storms in the past.

Sir Herbert Austin, of the Austin Motor Company, said there was a certain amount of depression in the motor trade, and throughout the country at present, but he was certain that the majority of firms in the trade were selling more cars today than they did in the same time of the year previous to the war.

"I believe," he continued, "we have come to the bottom of the depression and that we are going to see a recovery in our particular trade and in many other trades of the country."

H. Dixon, president at the annual meeting of James Tattersall & Sons, cotton manufacturers, said Germany must be got moving again before there could be any real steady trade. Given that, with the excess profit tax out of the way, and the bank rate reduced, he thought there would be a very prosperous trade.

W. J. Blackmore, president of the National Chamber of Trade, said: "I can promise the country that food prices are going to fall much lower than they are at the present time. The index figure at the ministry of labor is now 11 points down from the highest point it reached. I fear that during 1921 the present dark cloud of unemployment will rapidly pass away and that when this year has passed into history we shall unambiguously agree that it has been one of the best years this country has ever experienced."

Washington: Senate passed the Winslow bill which would permit partial payments to railroad from the government guaranty fund.

LEGAL NOTICE.

To Howard J. Black, 31 North Union avenue, Columbus, Ohio, Benton K. Black, 482 North High street, Columbus, Ohio, Annabel Black 480 West Fourth Avenue, Columbus, Ohio, Henry C. Black 480 West Fourth Avenue, Columbus, Ohio and Bernice Black Rose, Chicago, Illinois.

Persons interested in the estate of Joseph Black, deceased late of Granville, Licking County, Ohio, as heirs, will take notice that on February 23, 1921, William M. Black, administrator of the estate of Joseph Black, deceased, presented to the Probate Court of Licking County, Ohio, a claim for allowance against the said estate for the sum of \$500.00. That said claim will be for hearing on the 28th day of March at 9 o'clock A.M. 1921 in the office of the Probate Judge of said county.

WILLIAM M. BLACK, Administrator. Stasel, Hunter & Baker, Attorneys. 2-23-wed-31

AFTER ANY ILLNESS THE BLOOD IS WEAK

If You Get Well Slowly, Try Building Up Your Blood

IT'S BLOOD THAT FEEDS THE BODY

Pepto-Mangan Creates Rich, Red Blood, Changes Pale Complexions to Bloom of Health

A serious illness, even a cold that is hard to shake off, can reduce the blood to a weak, watery condition which keeps the normal strength and vigor from coming back.

This poor physical condition brings on a helpless, discouraged mental condition which rich, red blood can restore. Pure blood should be rich in iron, which Nature supplies to some extent in food. But often through faulty digestion or improper diet you don't get the needed iron, and your blood, on which your health depends, grows weaker and weaker.

Gude's Pepto-Mangan enriches the blood, increases red blood cells and supplies the ingredients that bring a quick response in vigor, vitality, and fine color.

Physicians recommend Gude's Pepto-Mangan. When you order, be sure the word "Gude's" is on the package. Without "Gude's" it is not Pepto-Mangan. Furnished in both liquid and tablet form. For sale by all druggists.—Adv.

NOW HAS A HEARTY APPETITE

Mrs. S. C. Hughes, living at 214 North Fisher street, Springfield, says: "My system was weak and run down. I felt tired and sluggish even when I got up in the morning. I had scarcely any appetite at all and really had to force myself to eat. I was constipated and my blood was in poor condition. I started taking Reflex and can truthfully say that it helped me very much. It gave me good appetite and I relish my food; it relieved me of constipation and my blood is now in first-class condition. I have lost that tired, sluggish feeling and am in better health in every way than formerly. I give Reflex full credit for it all. It is just what I needed."

Reflex is especially beneficial in cases of stomach, liver, and kidney troubles, rheumatism, nervousness, loss of appetite, insomnia, faulty circulation, pallid complexion, the after effects of influenza and for persons in a run-down or weakened condition.

Reflex is a splendid medicine and I certainly am glad to recommend it. Reflex can be had in Newark at all first-class drug stores.—Adv.

CATARRH YIELDS TO HYDROSAL

No More "Stuffed Up" Feeling—Clears the Head Instantly—Soothes and Heals Quickly.

Free Sample Sent to Anyone

Here is actual and instant relief from catarrh in all its forms. Hydrosal, the great hospital antiseptic treatment, has proven the greatest boon the catarrh sufferer has ever known—and it is so simple and easy to use—no sprayers or other apparatus needed—just apply Hydrosal and the relief is immediate. Continued use will make the results permanent. Hydrosal removes the scabs and secretions at once and soothes and heals the sore membranes. Clears the head and makes sleep possible without choking or droppings in the throat.

Full directions go with each sample package, and they are so very easy and simple that anyone can use Hydrosal in their own home with no inconvenience of any kind. The most stubborn and aggravated cases of long standing yield readily to Hydrosal, and continued use for a short time will give permanent results with little expense.

Most druggists have Hydrosal in popular sizes, 50c and 75c, or we will send a liberal sample free on request. 2315 Hydrosal Laboratories, Cincinnati, Ohio. R. W. Smith, S. E. Cor. of Square; W. A. Erman, Arcade Store; T. J. Evans, Warden Block; Mykrantz Drug Store.

FORDS RUN 34 MILES ON GALLON GASOLINE

Start Easy in Coldest Weather—Other Cars Show Proportionate Saving.

A new carburetor which cuts down gasoline consumption of any motor and reduces gasoline bills from one-third to one-half is the proud achievement of the Air-Friction Carburetor Co., 345 Madison St., Dayton, Ohio. This remarkable invention not only increases the power of all motors from 30 to 50 per cent, but enables every one to run slow on high gear. It also makes it easy to start a Ford or any other car in the coldest weather. You can use the very cheapest grade of gasoline in half gasoline and half kerosene and still get more power and more mileage than you now get from the highest test gasoline. Many Ford owners say they now get as high as 45 to 50 miles to a gallon of gasoline. So sure are the manufacturers of the immense saving their new carburetor will make that they offer to send it on 30 days' trial to every car owner. As it can be put on or taken off in a few minutes by anyone, all readers of this paper who want to try it should send their name, address and make of car to the manufacturers at once. They also want local agents, to whom they offer exceptionally large profits. Write them today.—Adv.

WOMEN IN HOMES AND SOCIETY
Countless women devote their whole lives to their homes, while others are in the business world, or find happiness only in society. Whether you are a home woman, a business woman, or a society woman, you know how hard it is to "drag along" day after day, suffering agonies, caused by some female derangement that has developed from overtaxing your strength. The natural restorative for such ailments is Lydia E. Pinkham's Vegetable Compound, which for nearly half a century has been considered a standard remedy for women's ills.

NEW RECORD MADE IN SHIPMENT OF CEMENT

Washington, Feb. 23.—A new record in production, shipment and gross value of Portland cement was established by the United States last year, according to estimates announced by the Geological Survey.

Production is estimated at 100,302,000 barrels, compared with 80,769,378 barrels in 1919, an increase of 21 per cent. Shipments were 99,329,000 barrels, an increase of 20 per cent. The domestic output has been added to compared with 85,596,816 barrels in 1919, an increase of 13 per cent.

Gross value was \$193,548,000, compared with \$148,688,016 in 1919, an increase of 31.3 per cent.

Stocks of finished cement on hand at the end of 1920 amounted to 3,290,000 barrels, compared with 5,832,497 barrels at the end of 1919, an increase of more than 41 per cent.

Average factory price in bulk at mills for the whole country was \$2.01 a barrel in 1920, compared with \$1.71 in 1919, an increase of 17.5 per cent.

Pennsylvania produced more than 23 per cent of the year's output, leading all other states, the Lehigh district producing more than 25 per cent of the country's total. Indiana was second producing state with more than 10 per cent.

Imports during 1920 amounted to 498,036 barrels, while exports amounted to 2,985,807 barrels, or 522,118 barrels more than in 1919.

NORTH CAROLINA TOWN OWNS MANY UTILITIES

Raleigh, N. C., Feb. 23.—Besides owning and operating its own waterworks, electric plant, ice plant, open house and a railroad four miles long, the little city of Warrenton, Warren county, North Carolina, with a population of less than 1,000 is also building a hotel to cost \$140,000 to be paid for by a bond issue. The municipality owned railroad runs from Warrenton to Warren Plains, where it connects with the Seaboard Air Line Railway. It being the only line entering Warrenton.

"We have made a profit on all of our municipally owned enterprises, except our open house, and we haven't lost much," declared Tassie H. Polk, prominent lawyer and member of the Warrenton Board of Aldermen. Warrenton is one of the oldest towns in the state. Horace Greer was married there in 1836.

SAYS CHURCHES CAN AVERT WAR

Bishop Nicholson Tells Council of Cities That 348 Billion Dollar Loss Can Be Prevented.

Buffalo, N. Y., Feb. 23.—The world was awakened this morning to its tremendous resources, Bishop Thomas Nicholson told the delegates to the annual meeting of the Episcopal Council of Cities here today. "The latest figures give the direct and indirect costs of this world war to be \$348,000,000,000 in money and 42,000,000 lives," he said. "It is within the power of the church to make impossible another such world catastrophe."

Bishop Nicholson pleaded for a development of progress and modern business methods in the church. "We must have faith in ourselves," he said, "and in our ability to do and to give, and we must be willing to bring the methods of our world to the modern church up on a scale commensurate with the progress and development of modern business methods."

"The demand of the hour is for more spiritual power. Not long since I was on the Great Lakes. I saw one of the largest steamers afloat. The owner was aboard and with pride he showed me over the great engines. Then he showed me how they had duplicate engines so that if anything went wrong with one of the machinery on one part they had an entire new set of boilers and engines to carry the ship through. They burned hundreds of tons of coal a day, but they could make time in the face of the greatest storm which could be anticipated on the lakes."

"A few days later I was on a little old boat built 25 years ago, with its sputtering engine. It is as useless to try to run the big ocean lines with the same power that little boat as it is to run the modern church with the degree of spiritual power we have had in the past. The power of God is unlimited. The greatest need of the hour is the development of moral and spiritual power, which will match the commercial and industrial masteries of our age."

JAPS DON'T EXPECT INCREASED IMPORTS

Tokio.—That Japan's foreign trade would show no remarkable increase of imports in the future and that consequently there would be no marked decrease in the amount of Japanese specie held abroad, was the opinion voiced by Governor Inouye of the Bank of Japan addressing the Tokio bankers.

Governor Inouye was referring to existing adverse conditions in Japanese commercial and industrial life. "The best measures for lifting over the present depressed situation," said Governor Inouye, "are, in the first place, to reduce the cost of production to the lowest possible point. The cost of production of various merchandise which Japan exports is disproportionately high, compared with the level in other countries. With a high cost of production, Japanese merchandise cannot possibly compete with manufacturers of other countries, and this forms a great obstacle to the development of the export trade of Japan."

"Reduction of the cost of production is, accordingly, not only a matter of imperative necessity of the moment, but is also good for the permanent interests of the country. It may bring about a fall in wages and diminish the buying power of the lower and middle classes for a time, but this must be tolerated for the purpose of attaining the fundamental consolidation of the financial world."

"Secondly, our manufacturers, traders, bankers, insurance and shipping circles are required to make concerted efforts for maintaining the market which has developed and for Japan's merchandise during the war period. The loss of the commercial field acquired by the efforts of our traders and manufacturers since the great war would be tantamount to the loss of Japan's national dignity and prestige."

Something new is received every day in our ready-to-wear department swelling our stock of

FOR ITCHING TORTURE
Use Antiseptic Liquid Zemo
There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy.
Any drugstore can supply you with Zemo, which generally overcomes skin diseases. Eczema, itch, pimples, rashes, blackheads, in most cases give way to Zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe, antiseptic liquid, clean, easy to use and dependable. It costs only 35c; an extra large bottle, \$1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skins.
In skin troubles, ordinary soaps are irritating and liable to aggravate the condition. Use Zemo soap. It is antiseptic, soothing and hastens the process of healing.
